## LOCAL MATTERS.

THE CASE tomorrow at 6:33 a. m. and at 8:41. High water at 4:28 a. m. and 4:52 p. m.

**SATURN PROBABILITIES.**—For this month, Saturn is in the sign of Cancer, and will be in the sign of Leo on Wednesday afternoon, and in the sign of Virgo on Thursday afternoon.

**AN INTERESTING OCCASION.**—The anniversary of the birth of Father Mathew, the apostle of temperance, was celebrated by the Father Mathew Total Abstinence Society at Lyceum Hall last night, and was exceedingly interesting.

Rev. Rev. Dr. Garrison, of Washington, who delivered the lecture, was listened to attentively throughout, and it was generally conceded that it was one of the most forcible and logical arguments ever heard in Alexandria. Father Garrison is an interesting talker on any subject, and his theme last night, when he threw all his energy, was well handled. He was introduced to the audience by Mr. James Devine, who made a few well-timed remarks. Miss Devine and Smith during the evening performed a piano duet; Miss Rebecca Pollard and Caroline Evans rendered solos; Misses Caroline and Florence Evans and Messrs. George H. Evans and Frank S. Murphy, of Washington, recited; Mr. Messrs. W. H. Starnell and Leo Kater rendered a piano duet. Miss Kate Kater also performed well on the piano. Rev. Father Heubner, Professor in the Catholic University of Washington, was present and he made some appropriate remarks. A large audience was present when Mayor Simpson, City Treasurer Harlow and other city officials, ministers of the different Protestant churches and many representatives of the community were present. Mr. James Devine, president of the Father Mathew Society, worked assiduously toward making the affair a success. After the entertainment the visitors were served with refreshments in the reading room of the Lyceum. A pleasant surprise in connection with the lecture and entertainment was the fact that all personal preferences were waived, and Catholics and Protestants met under a common roof and vied in the commendation of principles which they held in common. Invitations had been sent to the different ministers of the city, and the reading of the notices from Protestant pulpits on last Sunday attracted a large congregation through the aid of true Christians and conservative people when they realized that a heathenish and unchristian people has no sympathy with the church at least, and the beautiful picture described by the saint of "brethren dwelling together in unity" is a reality. The additional fact, too, that in this day of criticism and attacks from pulpits on sister denominations is seldom, if ever, heard here, is a striking illustration of the liberality and good-feeling entertained by the better class of people in old Alexandria.

**POLICE COURT.**—Mayor G. L. Simpson presiding. The following cases were disposed of this morning:

Oliver Lear, colored, arrested by Officer Hall and charged with disorderly conduct and fighting, was fined \$5.

Robert Jackson, colored, arrested by Officer Hall and charged with disorderly conduct and fighting, was fined \$5.

James Jackson, colored, charged with disorderly conduct and destruction of property, was fined \$5.

Albert Wood, colored, charged with assaulting and beating Gertrude Wood, colored, was fined \$2.50.

The case of a resident on north Payne street and a plumber, charged by a neighbor with cutting a water pipe, was settled by the defendants agreeing to repair the pipe.

Richard Reynolds was arrested this evening by Officer Davis for striking Henry Munson, colored, on the head with a piece of ice on the wharf.

**Night Report.**—Last night was clear and cool. Two prisoners and three lodgers were at the station house.

**OPERA HOUSE.**—As will be seen by an advertisement in another column, the versatile character actor, Mr. J. E. Toole, and Miss Lillian DeWoolf and the Lyceum stock company will appear here Thursday in the ever popular comedy drama, "Killarney and the Rhine." The play abounds in the characteristics that formerly delighted the public in dramas as rendered by the late J. K. Emmet. Mr. Toole himself is a very good imitator of Mr. Emmet, and the play proceeds smoothly along the lines of humor and pathos, with which it is liberally endowed.

**ANNIVERSARY.**—The congregation of St. Mary's Church will assemble in the Young Men's Society Lyceum Hall tomorrow night for the purpose of tendering an ovation to Rev. Father F. X. McCarthy, the occasion being the twenty-fifth anniversary of his ordination as a priest. Every arrangement has been made, and the ovation will be interesting. During the time Father McCarthy has made many friends, not only in his own flock, but he is deservedly esteemed, and among members of all denominations who have met him.

**NATIONAL UNION.**—The regular semi-monthly meeting of Alexandria Council, National Union, was held at Pythian Hall, north Pitt street, last night and was well attended. A large amount of business was transacted, after which a delightful and enjoyable "smoker" was participated in. Addresses were delivered by Messrs. James McCuen, M. B. Norris, L. W. Woody, J. S. Wallace, Chas. H. Davis and others.

**BIKE RECOVERED.**—Lieutenant Smith yesterday recovered a bicycle which had been stolen from Benjamin Kees in Washington on the 29th day of last August. The wheel was found in possession of a colored man named Robert Beale. The latter said he had traded his bicycle for it with a colored soldier who belonged to an Ohio regiment.

**CITY COUNCIL.**—After the summer recess lasting three months, during which time the city and its government kept right along in its even tenor, the City Council will reassemble to-night, 10:15 a. m. as known by little business of importance will be transacted to-night, but Council is an uncertain body.

A case of scarlet fever is reported at No. 314 south Henry street.

**PERSONAL.**—Mr. Robert Portner and family have returned to their winter residence in Washington, after spending the summer at their country home at Manassas.

The Messrs. Markell, of Warrenton, are visiting relatives in this city.

Major C. A. Dempsey, U. S. A., is in this city on a visit to his mother.

Miss Mary M. Carne and her niece, Miss May A. Carne, have returned from a visit to Richmond.

Mrs. Alzerman Chalmers and family, who have been spending the summer at Eglewood, the home of Mr. B. F. Whiting, in Clarke county, have returned to their home in this city.

Mr. Fred Ford is seriously ill at his home on south Lee street.

Mr. F. C. Hume, a distinguished member of the Galveston bar, is counsel in a case before the U. S. Supreme Court in Washington. He is the guest of his relative, Mr. Frank Hume, at the latter's residence, Warwick, near this city.

Miss Maymie Harris, who has been visiting Mrs. G. A. Nowland, has returned to her home in Salisbury, N. C.

**CAPT. SHROPSHIRE,** who for many years had been connected with the Clyde line of steamers and who for some time had been captain of the steamer Danube, which plies between this city and Philadelphia, died yesterday at his home in New Jersey.

**LOCAL BREVITIES.**

The large building which was recently torn down at Camp Alger is being re-erected at St. Asaph.

The little child of Mr. Charles W. Nowland, formerly of this city, died at its home in Salisbury, N. C., on Sunday.

The schooner Horatio L. Baker, loaded with ice from the Kennebec, arrived last night, consigned to Mr. W. M. Readon.

Miss Louise Aitchison opens to-night a fine display of millinery, and respectfully solicits examination of her stock. All the different styles are represented.

Dr. Ernest Fowler, son of Dispensing Clerk Fowler, of the deaf mute schools of Kendall Green, continues ill with typhoid fever at Chicsmauca.

He was appointed as an assistant surgeon in the regular army three months ago.

The many friends of young Ludwig formerly of Alexandria, who fall in fever while with the "immunes" at Fredericksburg and who was subsequently sent to St. Elizabeth's asylum, will be glad to learn that he is now with his mother in this city.

Justice Pelton yesterday evening before him the case of Mrs. Catharine Makeley against Mr. Harry Simpson, a case to recover rent money which the defendant claimed he withheld as an offset in part payment for repairs to a boiler's oven on plaintiff's property. Justice Pelton awarded Mrs. Makeley \$43.50.

The veriscope exhibition at the Opera House last night was exceedingly interesting. The fourteen rounds fought by Corbett and Fitzsimmons at Carson City were rendered literally like life, and the knock-out blow and the sinking of Corbett to his knees could not have been more natural. The audience was much pleased throughout the exhibition.

Marriage licenses were issued in Washington yesterday to John Laughlin and Mary S. Beck of Wayne's Cove, Va.; John J. Walsh and Mary A. Davidson, both of Richmond; Ernest L. Chilton and Dora B. Newton, both of Stafford county; Walter C. Taylor of Sumner, Va., and Lillie Willard of Alexandria; Herbert A. Davis and Maud A. Hark of Fauquier county; to Howard Tinnell and Virginia S. Johnson, of Nelson county, and to Eugene F. Jones and Clara A. Dawson, both of Richmond.

Hattie J. Kinsey in Washington yesterday filed suit for divorce against Edward W. Kinsey, whom she charges with numerous acts of cruelty. They were married, she says, on September 21, 1884, in Spotsylvania county. Mrs. Kinsey declares that her husband has repeatedly threatened her life, and has abused her publicly.

William B. Baumgardner, an employee of the Southern Railway Company, in attempting to alight from an engine on Henry street last night stepped into a "frog" and badly sprained his ankle. He was removed to his home, No. 213 south Columbus street.

Patrick Lee was stabbed and killed by a man supposed to be Eugene Powell shortly before 12 o'clock last night at Seventh and Paterson streets, Washington. Both parties were colored. The murder was reported to the police.

The revival service at the Village Chapel was last night largely attended. The interesting feature of the service to-night will be a duet to be rendered by Mrs. J. S. Kenner and Mrs. Gaines.

We have received an invitation to attend the second annual Pigeon and Pet Stock Exhibition to be held at Hamilton on November 2nd, 3rd and 4th next.

A case of scarlet fever is reported at No. 913 Orleans street.

**Remarkable Rescue.**

Mrs. Michael Curtin, Plainfield, Ill., makes the statement that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her that she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for Consumption; she bought a bottle and to her delight found herself benefited from first dose. She continued its use and after taking six bottles, found herself sound and well; now does her own housework, and is as well as ever was. Free trial bottles of this Great Discovery at E. L. Allen's and E. S. Leadbeater & Sons' Drug Stores. Every bottle guaranteed.

**THIRD VIRGINIA REGIMENT.**

A poll was taken in Richmond yesterday of the enlisted men of several companies of the Third Virginia regiment, which is to be mustered out in a few days. In every company in which this poll was taken the men voted overwhelmingly in opposition to longer continuing in service. As stated yesterday Captain Willard's company, from Fairfax, with one exception, voted against the proposition. In the Fitzhugh Lee Rifles, from Lynchburg, the proposition did not get a single vote in its favor. Some of the other companies were also equally as strong in their opposition to continuing longer in service. Probably less than 100 men out of nearly 1,200 have indicated a desire to remain in. The soldiers will, from present indications, be in Richmond for two weeks. The flag that Governor Tyler had made for the Third will be presented on Wednesday at noon, at the south end of the Capitol. Attorney General Montague will accept the flag on behalf of the regiment, and Senators Daniel and Martin have been invited to be present.

A dispatch from Richmond says: "The officers will get but little support from the men in their efforts to persuade

the War Department to let the Third regiment remain in service. The men are criticizing the officers of the regiment very severely for holding secret meetings and making visits to the War Department in Washington in the attempt to have the regiment remain in the service without consulting the wishes of the private.

The fact that some of the members of the Third regiment have been quite disorderly since the command transferred has determined the officers to be more rigid in their discipline of them. Complaint was made that some of the soldiers were quite disorderly in their bearing when pupils from a girls' school passed them on Broad street Sunday night.

There was little real work done yesterday towards mustering out the Third regiment. The company officers were engaged chiefly in collecting their company equipment, which has been in store in Richmond since the regiment was furloughed the 8th of September.

The officers of the Third are arranging for a grand farewell banquet at the Jefferson. At a meeting of officers held Sunday it was decided to have the banquet before the regiment is mustered out, and a committee consisting of Captain Anderson, assistant surgeon; Lieutenant Danahoe, of Company I, and Lieutenant Adams, of Company L, were appointed to make the necessary arrangements. A committee was appointed to draft suitable resolutions regarding the death of First Lieutenant Flagg, of Company I.

Governor Tyler has sent the following telegram to Secretary Alger: "Can't you arrange for the discharge in urgent and meritorious cases from the Fourth regiment Virginia Volunteers, and allow troops to be taken in said regiment from the Third regiment, now being mustered out, and could not transportation be allowed?" The Governor is arranging to visit Jacksonville before the Fourth regiment leaves there.

It is now settled beyond a doubt that the Second Virginia Infantry will be mustered out on the 22d of the present month, at which time the thirty days' furlough will expire.
